**The late rapper Tupac Shakur once said this: “Behind every sweet smile, there is a bitter sadness that no one can ever see and feel.”**

In the Christian life, when we have a real commitment to the Lord and when we have a real love for people there is something to be said about being affected when we see that people are leaving this earth without knowing Jesus. We are seeing people that don't believe in Jesus Christ, and don't even want to try Jesus and that should make us hurt in our hearts that people don't want to acknowledge Jesus! Jesus is real, and Jesus is alive but we are living in times that Jesus isn't a priority.

We all have various priorities, and the key is that we have to make sure that we place our priorities in the right place. Jesus should always be the main priority, and with Jesus Christ there is encouraging news to know that Jesus is real, Jesus is a friend, Jesus is a restorator, Jesus is a miracle worker, and Jesus is a constant presence. No matter what it is, we need to always lift up Jesus, and not be afraid to share the gospel of Jesus Christ with anybody, and when we share the gospel of Jesus Christ we can reach people for the lost.

As followers of Jesus Christ, it is our obligation to spread the word of God, and if we don't we will lose more people. We need to make sure that we are always spreading the word of the Lord, to where lost souls can hear the word and experience the word of God to grow in the word! We all have that obligation, and we should all make sure to share the word of the Lord, and when we do that we know that the Lord will take care of us, and that the Lord will work it out for us and our world!
