Genesis 15:1 ESV

After these things the word of the LORD came to Abram in a vision: "Fear not, Abram, I am your shield; your reward shall be very great."

The Late Preacher & Theologian C. S. Lewis once said this: "If you ask why we should obey God, in the last resort the answer is, 'I am.' To know God is to know that our obedience is due to Him."

Obedience is something that we have experienced most of our lives. We have obeyed our parents for the most part, we have obeyed laws for the most part, and we have obeyed various things. Had to throw the most part in there, because we all have sometimes not obeyed LOL!

However when we think about the Lord, and when we know that God is with us even though there have been moments and periods in our lives, we haven't always obeyed God and He has still been good to us! God is still loving to us, God is still kind to us, and God still opens doors for us, and because the Lord does that it should make us always thank Him for what the Lord is doing.

When we know that the Lord is good to us, it is on us to still obey Him because we have to do our part as well, and we should want to obey the Lord knowing that the Lord has never left us, the Lord has never stopped providing, and when the Lord brings you out you don't want to return! You don't want to return to anything that the Lord brings you out of, so let us always continue to obey Him!

Deuteronomy 28:2 ESV - And all these blessings shall come upon you and overtake you, if you obey the voice of the LORD your God.
